

WILLIAM P. ADAMS JR., M.D.

**AYA MEDICAL SPA
MEDICAL DIRECTOR & CO-OWNER**

"Our practice philosophy is to listen to the patient and ultimately determine what treatment track is going to get their optimal result," shares Dr. William P. Adams, Jr., medical director at AYA Medical Spa's Dallas outpost and board-certified plastic surgeon. An international authority on breast augmentation, Dr. Adams is also an Associate Clinical Professor of Plastic Surgery at UT Southwestern Medical Center, the Program Director of UTSW Aesthetic Surgery Fellowship, the Education Commissioner and Vice President of Aesthetic Society and the Chief Medical Officer of The Plastic Surgery Channel—not to mention a published author. A big believer in continual education, Dr. Adams focuses his time on both learning and sharing his innovative techniques of personalized, rapid recovery. In his own practice, his fast track '24-

Our philosophy is to listen to the patient and ultimately determine what treatment track is going to get their optimal result.

hour' recovery is globally recognized, as well as a triple antibiotic solution his research developed to assist in minimizing bacteria, benefitting surgeons and patients since 1999. "We've fostered a lot of great friendships with surgeons all over the world in plastic surgery," says Dr. Adams. When he's not lecturing mid-procedure, he's actively involved in the community, supporting local sports teams and schools, or volunteering his time and talents.
